SOLARIS

INFRARED CABIN

Create your own wellness space at home with the Solaris infrared sauna.

Full Spectrum Quartz infrared emitters and their multiple advantages are at the very core of your personal space: almost instantaneous warmth and a wide range of wavelengths to act as well in depth as on the surface of the epidermis.

Each of the infrared panels is equipped with an ON/OFF switch for a more optimised and targeted diffusion. A carbon panel on the floor provides cozy warmth to the whole cabin.

Its solid spruce design is enhanced with exterior lights. A sauna with large windows opens up to you. Inside, essential but discreet equipment makes this moment of relaxation a complete experience: purification of the cabin by ionisation, sound and background music, as well as 7-colour LED lighting for chromotherapy.

QUARTZ TECHNOLOGY = FULL SPECTRUM IR

Quartz, that always partly comprises type C IR, emits IR-A & IR-B rays known to act at the heart of the system to bring you deep muscle relaxation.

MAIN FEATURES

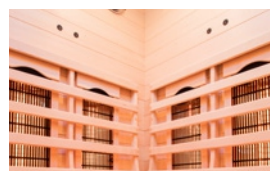

Cabin purification with ionizer

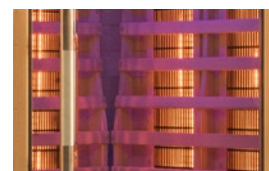

New generation digital control panel

100% Canadian spruce wood

Personalized Quartz transmitters with individual ON/OFF switch

LED Chromotherapy

CHARACTERISTICS

Capacity	2 PERSONS	2/3 PERSONS	3 PERSONS	3/4 PERSONS
Model	SOLARIS 2	SOLARIS 2C	SOLARIS 3	SOLARIS 3C
Floor dimensions	120 x 105 cm	120 x 120 cm	153 x 110 cm	150 x 150 cm
Overall dimensions	120 x 123 x 190 cm	120 x 120 x 190 cm	153 x 128 x 190 cm	150 x 150 x 190 cm
Quartz transmitters	5 transmitters - 1700 W	6 transmitters - 2200 W	6 transmitters - 2600 W	8 transmitters - 3000 W
Carbon transmitters	1 transmitter - 180 W	3 transmitters - 480 W	1 transmitter - 225 W	1 transmitter - 180 W
Seat depth	45 cm			
Accessories	LED chromotherapy / Digital control panel / MP3/FM/USB Audio / Ozonator
