

The Harmony spa will accommodate cosiness for a large group. The places offer comfort to people with different body sizes, and give a different massage individually. All massages are focused on your soft tissue, including muscles and other tissue. This makes the massage pleasant and relaxing. The unique AquaRolling Massage™ is applied to one of the Captain Corner seats, it generates a powerful jet of warm water that starts at the bottom of your back and gradually massages towards the base or your neck. The EasyClean Shield makes it easy to keep the tub clean, so you have time to really enjoy the spa. The beautiful LED lighting is incorporated in the shell, the control buttons and the pillows. Together with the Bluetooth Audio System they will provide experiences for the whole group to remember.
